11.15am	<p>Session 1: The nones, the gones and those taking a peek: mission's shifting landscape</p> <p>As our churches have gone online, we've been aware of people dipping in and out of services; we are also coming across more people who used to be in church along with those who've never darkened our doors. In this session Rev Dr Sally Mann and college VP Simon Jones explore how we might engage missionally with this diverse and fascinating group of people.</p>
	Break for lunch
2pm	<p>Session 2: COVID-19, ministry and me</p> <p>Thriving or surviving? Tech lover or technophobe? Well, ill or somewhere in between? This session invites us to consider, how we as ministers and leaders can be cared for in the COVID-19 crisis no matter what our experience. With competing demands, new technology and a global pandemic, how do we, as disciples ourselves experience the COVID-19 crisis and find help in our own times of need?</p>
